

Pavol Prokop

1994-1998

MSc at the University of Trnava, Faculty of Education, Trnava. The thesis dealt with the sexual cannibalism and several other aspects of bionomy of the praying mantis, *Mantis religiosa*. The thesis was conducted at the Department Biology.

1998-2001

PhD at the University of Trnava, Faculty of Education, Trnava. The dissertation was entitled "Effect of field education on pupils' motivation in biology".

2001-2009

Lecturer assistant at the Department of Biology, University of Trnava, Faculty of Education, Trnava.

2009

Habilitation in 4.2.1 Biology at the UPJŠ, Košice

2001-2002

Researcher at the Institute of Experimental Phytopathology and Entomology, Slovak Academy of Sciences, Ivanka pri Dunaji

2003 - Present

Researcher at the Institute of Zoology, Slovak Academy of Sciences, Bratislava
