

Summary of the main research activities

Period: January 1, 2012 - December 31, 2015

Objectives of the Institute

- The primary objective of the Institute of Political Science is statutory and - in terms of national interest – specified and individualized exploration of Slovak political phenomena. The methodology and objects of the research are defined by the following approaches:
 - Slovakia in Central Europe
 - Slovakia in Europe
- Research outputs:
 - large monographs (individual and collective)
 - a large portion of the outputs is also targeted at the decision-making authorities of the Slovak Republic (as expressly stipulated by the IPS SAS Foundation Charter)

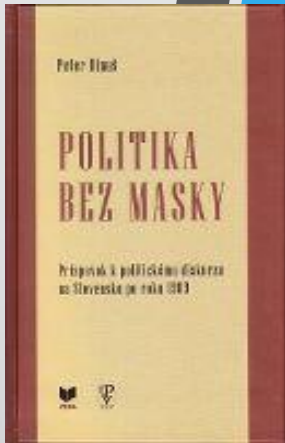

Research areas:

In the period between 2012 and 2015, research of the Institute of Political Science focused on the following research areas:

- Political system in Slovakia before and after 1989;
- Foreign policy and international affairs of Slovakia with regard to EU and NATO;
- The history of political thought and research into the leading personalities of Slovak politics.

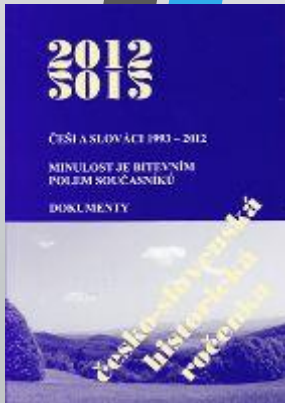

1. Political system in Slovakia before and after 1989

- dealing with the past - communist regime and post-1989 Slovakia;
- the impact of historical events on the formation of Slovak foreign policy after 1993;
- the intellectuals' stance on the Communist Party of Czechoslovakia;
- the period of the 1970s and 1980s,
- the status of minorities in the 20th century;
- Slovak-Hungarian relations, relations with other neighboring countries and how they were affected by historical events
- methods of teaching history in universities;
- processes of democratization, political parties;
- minority issues after 1989;
- the beginnings of Slovak foreign policy;
- the first phase of re-orientation of Slovakia towards the European Union.
