

Technology Centre of the Academy of Sciences of the Czech Republic would like to invite you to an international brokerage event that will take place on 27th June 2006 in Prague, Czech Republic. The brokerage event is part of the 10th International Congress on the Genetics of Industrial Microorganisms.

The Congress, which will take place in June 24 - 28, 2006, is held every four years in different parts of the world. Now, after 36 years, it returns to Prague. More than 2000 experts – both from research and also industrial field – from all around the world are expected.

Technological Brokerage Event

International Brokerage Event is organized jointly by Technology Centre AS CR and Institute of Microbiology AS CR in the Prague Congress Centre, Czech Republic, 27th June 2006.

The international brokerage event is an excellent opportunity to meet other innovative companies and research organisations active in the field of industrial use of microorganisms through personal one to one meetings to discuss a possible cooperation – research collaboration, licence, production or distribution agreements.

Brokerage participation fee: 100 €

Persons interested in the brokerage event can register at: <http://www.innovationrelay.net/bemt/home.cfm?EventID=1382>

Registered participants will receive an individual password enabling to submit and modify their own cooperation profile. The catalogue of profiles will be send electronically to all registered participants in due course before the event.

The beforehand prepared catalogue detailing the technology profiles (offers and requests) for collaboration and an individual meeting schedule for each participant guarantee efficient bilateral meetings. Participants will have an opportunity to select different collaboration offers/requests from the catalogue in accordance with their area of interest. The organisers will prepare individual meeting schedule for each participant.

Possible topics:

- Environmental microbiology
- Microbial processes for food production
- Bioconversions and biotransformations
- Biocatalysis
- Diagnostic methods
- Bioinformatics
- Novel bioactive compounds

Deadlines:

- 26th May 2006
Submission of cooperation profiles
- 9th June 2006
Selection of personal one-to-one meetings

Invitation to the Industry – Sponsorship

- You can support the Congress or the Brokerage event as one of the sponsors or exhibitors.
- It is a great opportunity to promote the activities of your company within the International Congress.
- For more information on the sponsorship please visit the official web pages of the Congress.
